Uh oh oh oh
Nice to meet you
In my head that's how I'll greet you
Do you know that we can be
More than just passengers?

Wanna I get to know you
Left an empty seat here for you
Don't you see that we can be
More than just passengers?

Uh oh oh oh
Nice to meet you
In my head that's how I'll greet you
Do you know that we can be
More than just passengers?

Wanna I get to know you
Left an empty seat here for you
Don't you see that we can be
More than just passengers?

Uh oh oh oh
Nice to meet you
In my head that's how I'll greet you
Do you know that we can be
More than just passengers?

Wanna I get to know you
Left an empty seat here for you
Don't you see that we can be
More than just passengers?
Uh oh oh oh
Nice to meet you
In my head that's how I'll greet you
Do you know that we can be
More than just passengers?

Wanna I get to know you
Left an empty seat here for you
Don't you see that we can be
More than just passengers?

Uh oh oh oh
Nice to meet you
In my head that's how I'll greet you
Do you know that we can be
More than just passengers?

Wanna I get to know you
Left an empty seat here for you
Don't you see that we can be
More than just passengers?

Uh oh oh oh
Nice to meet you
In my head that's how I'll greet you
Do you know that we can be
More than just passengers?

Wanna I get to know you
Left an empty seat here for you
Don't you see that we can be
More than just passengers?

Uh oh oh oh
Nice to meet you
In my head that's how I'll greet you
Do you know that we can be
More than just passengers?
Do you know that we can be
More than just passengers?

Wanna I get to know you
Left an empty seat here for you
Don't you see that we can be
More than just passengers?
