All these stupid guys like these stupid, stupid girls

Don't talk, girl, just listen
Keep it to yourself, don't tell 'em your opinion
Better know your, better know your way around the kitchen
Do not force, stop playing your position

Put your face on, but not too heavy
It's taking too long for you to get ready
You might not like it, but just keep quiet
'Cause that's what stupid girls do

I can be a girl, not a step forward
I am not a step for you to step on, I'm a step forward
You can take a step back, but you like a chessboard
Don't you know the queen protect the king when you're on check boy?

All these stupid guys like these stupid, stupid girls (Stupid girls)
Telling stupid lies, like we're stupid, stupid girls (Stupid girls)
Why do all this guys want these stupid, stupid girls? (Stupid girls)
All these stupid guys like these stupid, stupid, stupid girls

I'ma get blunt, I'ma get twisted
Take it to sense [?] the seven figures
I don't know my, I don't know my way around a kitchen
If I let you eat it, I'ma make you do the dishes

When I get dress, I'ma look sexy
Wear a little less, I'ma let you undress me
Your friends don't like it, but they can keep quiet
'Cause they like stupid girls too

I can be a girl, not a step forward
I am not a step for you to step on, I'm a step forward
You can take a step back, but you like a chessboard
Don't you know the queen protect the king when you're on check boy?

All these stupid guys like these stupid, stupid girls (Stupid girls)
Telling stupid lies, like we're stupid, stupid girls (Stupid girls)
Why do all these guys want these stupid, stupid girls? (Stupid girls)
All these stupid guys like these stupid, stupid, stupid girls

I can be a girl, not a step forward
I am not a step for you to step on, I'm a step forward
You can take a step back, but you like a chessboard
Don't you know the queen protect the king when you're on check boy?

All these stupid guys like these
All these stupid guys like these stupid, stupid girls (Stupid girls)
Telling stupid lies, like we're stupid, stupid girls (Stupid girls)
Why do all these guys want these stupid, stupid girls? (Stupid girls)
All these stupid guys like these stupid, stupid girls
